

KENNEDY ALL-STEEL TOOL KITS

These kits are made of prepared steel, but are no heavier than other bags or tool kits, their average weight being between 5 and 11 pounds, depending on size.

They are built to stand the wear and tear of hardest usage, being reinforced throughout, and fitted with brass side catches, strong two-tumbler Corbin locks, steel leather-covered handles, so riveted that they cannot pull out, and are protected by solid corner irons.

Finished in a durable baked enamel of brown or black, they present an appearance neat and attractive, and look like leather traveling bags or suit cases. Disappearing and waterproof hinges give smooth carrying surface with no rivets showing. Material, special construction, and overlapping features make these kits waterproof, fire, oil and weatherproof. These kits are also thief-proof because they can be locked, chained if desired, and cannot be cut open. Heavy material can be carried without buckling or changing shape of bag. There is no strain on hinges or locks as entire weight is on body of bag. Double seamed, electric welded and reinforced throughout.

Standard Kit with or without Tray

Standard Kit with Tray

Electrician's Case with Tray

Standard Kits

For Electrical Workers, Mechanics, Railroad Men, Construction Men, Installation Men and Contractors

STYLE X

Price includes tray for bag shape only for screws, nuts and small parts.

Standard Electrician's Cases

These cases are designed for and meet all the requirements of an electrician's tool kit. They have the necessary length, together with compactness and proper spacing for carrying the average equipment. They have a divided spacing at one end for blowtorch and ledge rests at top of grip for tray to carry drills, bits, small parts, etc., if desired. They have ample space at bottom for heavy tools, material, etc. In addition to leather handle, they are fitted with loops at each end for straps to pass under the case and over the shoulder for carrying heavy loads in this manner if desired. Furnished with or without tray.

List No.	Length	Style EN, without Tray			Weight	*List Price
